The School Safety and Bullying Prevention Act at 70 O.S. § 24-100.4(A) requires each public school district board of education to adopt policies to address investigation of reported incidents of bullying.

This model policy is provided to school districts in accordance with the provisions of the School Safety and Bullying Prevention Act at 70 O.S. § 24-100.5(C)(1). Local school districts and local school boards may use this policy as a model or develop their own policies that comply with the requirements of 70 O.S. § 24-100.4 and accompanying regulations at 210:10-1-20.

I. Prohibition of Incidents of Bullying

It is the policy of the Eagletown ISD to prohibit all bullying of any person at school. This policy shall extend to all schools in Eagletown ISD. Prohibited conduct includes incidents of bullying instigated by use of electronic communication specifically directed at students or school personnel.

III. School Bullying Prevention and Intervention

Every school site in this district shall ensure compliance with the following strategies for bullying prevention and appropriate intervention when incidents of bullying occur at school:

A. Bullying Preventing Officers. The principal of each school site in this district shall designate at least one Bullying Prevention Officer ("BPO") who shall be the primary point of contact to receive reports of incidents of bullying. The duties of the BPO shall be as follows:

D. Bullying Prevention Programs. Every school site in this district shall implement a research-based educational program as designed and developed by the State Department of Education for students and parents in preventing, identifying, responding to and reporting incidents of bullying

IV. Reporting Incidents of Bullying

The system of incident reporting at every school site in this district shall ensure that students are encouraged to report incidents of known bullying and shall remove unnecessary obstacles that would serve as a deterrent to reporting (e.g., ensuring availability of reporting procedures during the school day, ensuring a student is not penalized for tardiness or absence from a class incurred as a result of reporting an incident). To facilitate prompt reporting and tracking of all incidents, school sites shall, at a minimum follow the following procedures: Such procedures shall, at a minimum, address all of the following requirements:

A. District Bullying Report Form. Students shall be informed of the process for reporting incidents of bullying and encouraged to report all incidents of bullying. Incidents of bullying shall be reported on the "District Bullying Report Form" which shall be made available to students at all times during regular school hours, including in the main/front office of the school site, the office of the school counselor, the website of the school site, and any other locations recommended by the Safe School Committee at each school site. Students shall be advised that they may obtain assistance from a school official if they have questions about completing the District Bullying Report Form or if they are unable to complete the form without assistance (e.g., students unable to write legibly due to age, disability, etc.). The District Bullying Report Form shall be designed to facilitate reporting of incidents by all ages, and shall, at a minimum, include all of the following items:

1. Date and approximate time of incident;
2. Location of incident;
3. Name(s) of all individuals at whom the incident was directed or who were affected by the bullying behavior;

Any school employee who has reliable information that would lead a reasonable person to suspect that an individual at the school is currently or has been the target of one or more incidents of bullying shall be required to report the information to the school's BPO. Failure by school employees to report incidents of bullying in accordance with the requirements of this policy may result in disciplinary action.

C. Privacy and confidentiality. Reports of bullying shall be kept confidential to the extent necessary to ensure compliance with the provisions of the Family Education and Privacy Rights Act (FERPA) and to protect students who report incidents of bullying from retaliation.

D. Anonymous reporting. In order to ensure individuals may report incidents without fear of retribution or retaliation, every school site in this district shall provide at least one method of anonymous reporting of incidents of school bullying that protects the identity of the individual reporting the incident. However, an anonymous report shall not be the sole basis for formal disciplinary action in response to an incident of bullying.

E. Tracking reports of incidents of bullying. All reports of bullying shall be tracked using methods that will enable the BPO and administrators of each school site to identify emerging patterns of bullying over extended periods of time.

V. Response to Reported Incidents of Bullying

Every school site shall follow the following procedure in response to reported incidents of bullying. Upon receipt of a report of a bullying incident, the BPO shall take immediate steps to:

- A. Separately interview with the individuals involved in the incident and witnesses to the incident to assess and ensure the safety of all individuals involved in the incident pending investigation of the incident;
- B. Locate and secure any records or physical evidence relating to the incident;
- C. Promptly notify the parent(s)/legal guardian(s) of all individual students involved in the incident and the steps taken by the school administration to ensure the safety of the students pending investigation of the incident; and

VI. Investigation, Determination, and Documentation of Reported Incidents of Bullying

The principal of each site shall be the individual responsible for investigating incidents of bullying unless the principal designates another school official at the site as the individual responsible for investigation of the incident. The procedure for investigation of a reported bullying incident shall, at a minimum, meet all of the following requirements:

A. Initiation of investigation. Within three (3) school days of receipt of a report of an incident of bullying, the school principal or designee shall initiate an investigation of the reported incident. All interviews with individuals involved in the incidents, their parent(s)/legal guardian(s), and/or witnesses shall be documented. A student's parent/legal guardian or attorney shall be permitted to be present at the interview of a student upon request of the student or the student's parent/legal guardian.

B. Documentation of investigation. All investigations shall be documented on a form that includes, at a minimum, all of the following information:

1. The date that the report of the incident was received by the BPO;
2. The date investigation of the report was initiated;
3. The name and title of the individual(s) assigned to conduct the investigation;
4. Identification of all individuals involved in the incident;
5. Identification of all individuals who witnessed the incident;

C. Findings and determination of alleged incident. Upon completion of review of all facts alleged and available evidence, the school administrator shall:

1. Document all findings of facts;
2. Issue a determination as to whether the occurrence of the incident could be verified based upon the available evidence as follows:
 - (i) Occurrence of the incident was verified;

- (ii) Occurrence of the incident was unverified due to lack of proof (e.g., inability or unwillingness of victim to assist investigation or provide evidence in support of the allegations); or
- (iii) Evidence exists beyond reasonable doubt to support a conclusion that incident was falsely reported by an individual as a means of bullying or retaliation or reprisal against a student for reporting an act of bullying.

D. Notification of results of investigation. Upon completion of an investigation, the school administrator shall promptly notify the district, and the parents/legal guardians of the students involved:

1. The findings of the investigation; and
2. Any proposed consequences and remedial measures provided to the individual(s) affected by the incident.

E. Follow up referrals for the purpose of student support services. Upon completion of an investigation, a school may recommend that available community mental health care, substance abuse, or other counseling options be provided to students involved in bullying incidents. A school may request the disclosure of any information concerning students who have received mental health, substance abuse, or other care pursuant to paragraph 13 of this subsection that indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information.

VII. Remediation and Consequences for Incidents of Bullying

A. Consequences for Individuals Who Commit Incidents of Bullying. Appropriate consequences shall be imposed for every individual who commits an act of bullying or an individual found to have falsely accused another student of bullying as a means of bullying or retaliation or reprisal for reporting an act of bullying. Consequences shall be determined, implemented and enforced in a manner that is consistent with the due process requirements set forth in the district's policies pertaining to student and employee discipline. Consequences for verified acts of bullying behavior shall be applied in such a manner as to ensure fair and impartial application of consequences (e.g., student's academic or athletic status shall not be considered as

a factor for determination of appropriate consequences). In determining what consequences are appropriate for an individual determined to have perpetrated an incident of bullying, every school administrator shall include the following factors in the consideration:

 - (ii) The existence of any mental, physical, or health conditions of the victim exacerbated by the incident;
6. The relationship between the individuals involved; and
7. The potential for future violent conduct.

C. Factors for Determination of Consequences for False Accusations. Every school administrator shall determine consequences for incidents in which an individual intentionally and knowingly reports a falsified accusation of a bullying incident as a means of bullying or as a means retaliation or reprisal against another student in response to a previous reported incident of bullying. Consequences shall be sufficient to deter false reports of conduct, but not so severe as to deter credible reports of bullying incidents. All of the following factors shall be considered in determining appropriate consequences for a falsified accusation:

2. If the individual who made the false accusation was a student:

4. The nature and severity of the bullying behavior involved in the incident; and
5. The circumstances in which the incident occurred.

D. Determination of Remediation Measures in Response to Incidents of Bullying Behavior. Every school site shall implement appropriate remediation measures in response to incidents of bullying. Remediation measures shall include strategies for the protection of all persons involved in incidents of bullying, including targets and perpetrators of the bullying incident, and family members affected by the bullying incident. Such remediation measures shall be designed to prevent further incidents of bullying and to increase safety for the individuals involved in incidents of bullying as well as all individuals at each school site. Examples of appropriate remedial measures in response to incidents of bullying may include, but shall not be limited to, one or more the following:

VIII. Annual Notice of School Bullying Prevention Policy

Every school site shall implement a strategy for publicizing and distribution of this policy and all accompanying forms and procedures for reporting and investigation of incidents of school bullying. Publication and distribution shall comply with the provisions of 70 O.S. § 24-100.4 and 210:10-1-20, and shall at a minimum meet all of the following requirements:

- A. An annual written notice of the bullying policy shall be provided to parents, guardians, staff, volunteers, and students at each school. HAZING

It is the policy of this school district that no student or employee of the district shall participate in or be members of any secret fraternity or secret organization that is in any degree related to the school or to a school activity. No student organization or any person associated with any organization sanctioned or authorized by the board of education shall engage or participate in hazing.

For the purposes of this policy, hazing is defined as an activity that recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization sanctioned or authorized by the board of education.

"Endanger the physical health" shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled dangerous substance; or other forced physical activity which could adversely affect the physical health or safety of the individual.

"Endanger the mental health" shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by the board of education is conditioned, directly or indirectly, shall be presumed to be a forced activity, even if the student willingly participates in such activity.

This policy is not intended to deprive school district authorities from taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action that may include suspension for students and employment termination for employees.

A copy of this policy will be furnished to each student and teacher in this school district.

HARASSMENT

It is the policy of this school district that ~~threatening behavior, harassment, intimidation, and bullying~~ of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. ~~Threatening behavior, harassment, intimidation, and bullying~~ of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

~~Harassment is intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual. Harassment includes but is not limited to harassment on the basis of race, sex, creed, color, national origin, religion, marital status, or disability.~~

Harassment, intimidation, and bullying include, but are not limited to, gestures, written, verbal, or physical acts, or electronic communications directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions.
